Strenuous exertiones are nueded to bring our Southern enterprize into a proper state. Indud do not see how doubt learn this inoththon without producing duch emharrassmuts as would not justify to step. at no very distant day I may he table to enter into a work in which Tell a mus dup dolicitude, & Which o consider to be inherior in importance to noue other. - d'esspect to spend a monta in the north of som after that to go beest & return by the Loute. This will occupy to greater part of the hunter - of I should succeed, as I hope to do, in these tours of think that I whall have placed This unstitution in duch a Hate That I may leave it. At present ale our man. agers are greatly Typosed to my leaving, Liule not consent. on coming to this conclusion, I have been actualted, I think tolely by a sense of what appears to me to be duty. My pre-Sent tituation is not as food as the one which you have the goodness to opper me, by \$300 her annum -

This fact will con min any one that am not actualed by selfusioners in this But God mile provide you a much hetter man Than dam. I do hope that you will at once appoint he han sten-Salaer, who is better fitted for the work than any Thur Than Whorn Denow. and as he I his family hos Dess great health, it would enlest much of it in your cause. It would he but a triffle for that family to give you 10 or 5 thousand dollars. Of ful a duh and the source in establishing and colony, - unless the parent Louets he. comes estimit, or nather renovation, in you. - A must go to Baltimore - 20 Jays me Frelighnyam whom I saw lately - dotter I have just had a long connersation with her Vinney who has returned from Like lia - he combirms all that you de his Thepderd daid about the had management of him Colong. I wish that you could get him to be to govern or D. the Colony.
